ASWIN KUMAR S

ABOUT ME

Dedicated and Passionate Computer Science graduate with a strong foundation in Software Development. Strong analytical and problem solving skills and ability to learn new technologies quickly. Self motivated and passionate about Software Development, eager to start my career in this field and make an impact

EDUCATION

Bachelor of Computer Science

University of Calicut | 2019 - 2022

PROJECTS

MEDICARE (Academic Project)

- It is a web application with a focus on those working in a pharmaceutical sector. It is designed to link retail and wholesale pharmacists so they may buy and sell items and evaluate different discounts provided by suppliers. It also aids shops in identifying nearby wholesalers and the brands whose goods they sell. Developed Using PHP.
- Frontend using HTML, CSS, JavaScript, Bootstrap

Hospital Management System

- Developed a project for connecting patients to hospitals and getting the information about the doctors, helping them to book appointments with the doctor that helped the patients to manage and create a relation with their doctor.
- Developed using Python and Django framework Frontend using HTML, CSS, Bootstrap

Student Management System

- It is a website which can hold records of student and staff.
- Developed using python and Django as framework Frontend using HTML, CSS, Bootstrap, JavaScript

Calorie Tracker

- The intention here is to create a web using Python Django that track the calories consumptions and also user can track Fats, Protein and carbohydrates
- Frontend using HTML, CSS, Bootstrap, JavaScript
